

Process to Become a Member

The process starts with a completed and signed application

The application can be downloaded or gotten at the club on Saturday or Sunday, 9am-3pm.

The yearly dues are set by:

- The date the application is submitted.
- 2. NRA member or not. NRA members have lower rates due to insurance. NRA memberships can be applied for at the club.
- 3. Number of family members and age.
- 4. Working or Non-working status
- 5. Valid email address and phone number required

The applicant then presents the application to a Range Master on Saturday or Sunday.

The Range Master will provide the application fee amount and accept the check for the dues owed.

Then the application and collected fee are remitted to the Sectary/Treasurer for processing.

You will be notified via email of their decision. If approved, you will need to complete Range Master Training (RMT). This can be scheduled any Saturday or Sunday during Public Range Hours.

Once you have satisfactorily completed RMT you will receive the membership card via the mail.
